1.2-kg gold bar dacoity case

Mastermind on the run

Three detained for questioning

Mysuru, Dec. 5 (RK&BCT)- Three persons have been detained by the Gundlupet Police for questioning in the sensational gold heist in which a gang of five to six armed dacoits robbed a Kerala-based goldsmith of a 1.2-kg gold bar worth around Rs. 1.5 crore along the Bandipur-Nagarahole forest stretch recently.

The detentions were made by the investigation team led by Gundlupet Town Police Inspector N. Jayakumar, sources in the Police told *Star of Mysore*.

Four teams were formed soon after the dacoity. One team was sent to Kerala, from where three suspects were picked up and brought to Karnataka. Despite the language barrier, the team camped in Kerala, gathered inputs and detained the trio, sources said. The detained persons were acting at the behest of a mastermind who is currently absconding, Police sources have confirmed.

His identity has been established, and efforts are on to secure his arrest. The three men have not yet been formally arrested but are undergoing intense interrogation. Based on their statements, the Police will determine their exact role and identify other possible accomplices.

Litigant collapses; Judge turns lifesaver

Mysuru, Dec. 5 (RK&BCT)- A rare display of compassion and presence of mind occurred at the Mysuru City Court Complex yesterday, when a Judge personally rushed a collapsing litigant to the hospital in his own car, right in the middle of a case hearing.

Judge Harish Singh

The incident occurred at the Sixth Additional Junior Civil Court in the Chamarajapuram Court Complex on Krishnaraja Boulevard. Judge H.G. Harish Singh, who presides over the Court, stepped far beyond his judicial duties when he noticed a litigant suddenly collapsing.

Around 1 pm, while proceedings were underway, the man standing in the witness box fainted without warning, creating panic in the Court Hall. Lawyers and staff rushed to his aid, trying to give him water. But he remained severely disoriented and unable to respond.

Seeing the urgency of situation, Judge Harish immediately rose from the Bench and summoned the doctor from Court's Health Centre.

The doctor examined the man and though ruling out a heart attack, warned that the symptoms indicated a possible stroke. He stressed that the patient had to be admitted to an ICU within an hour to prevent his condition from deteriorating further.

EDITOR'S BOTTOMLINE

THE SEA AND SPIRITUALITY: ***Can you recall a time when you stood at the beach-front and were completely awestruck by the sea ahead of you ? Roaring waves, rolling, rising, crashing and the water rushing to the edge? Deep down, the sea is so full of mystery and wonder. It sustains many forms of life. And being a marvel of God's creations, the sea also holds great significance in spirituality.***

Like when the Red Sea parted and let Moses lead the fear-stricken Israelites out. As God commanded, Moses held his staff over the water at which the water parted and his men were able to walk on dry ground and cross the sea.

During the churning of the ocean by the *devas* ***and*** *asuras* ***known as*** *Samudra Manthana,* ***using the Meru mountain as the fulcrum and the serpent Vasuki as the rope, several magical and wonderful things came out of it (after the emission of*** *halahala,* ***the toxic that Lord Shiva swallowed to save the world). The list includes the emergence of Goddess Lakshmi, Airavata the elephant, Uchchaishravas the horse, the precious Kaustubh, Dhanvantri and the pot of nectar or*** *amrit.*

The sea is also considered to be very purifying. After every eclipse many Hindus have a bath in the sea as it is believed that the sea has the power to wash away all the negative energies and spiritual impurities. Homes are even washed in sea water before certain *havanas.*

How is the sea able to do this? The salt in the water has the ability to cleanse accumulated negative energies and clear our energy fields, which can lead to a higher level of consciousness and greater clarity.

Recently, during the telecast of the *Soorasamharam* ***enactments — an important part of a popular festival celebrating Lord Kartikeya's killing of the*** *asura* ***Sooran in a battle fought by the sea in Tiruchendur, one of the six abodes of the Lord and the only one by the sea — it was recalled that time and again the sea stopped short of the temple as if in reverence to the deity. Locals recall that even during the tsunami the temple remained protected and untouched by devastation and damage elsewhere.***

Let us do all we can to protect and revere our seas and refrain from mindless sullying. Else, we will be left helpless when its fury is unleashed.

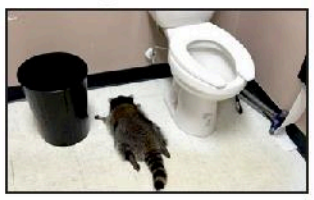
Dog's 7-inch tongue is world's longest

Oklahoma: A family dog earned a Guinness World Record when his tongue, which usually hangs out the side of his mouth, was measured at 7.83 inches long.

Ozzy, a French mastiff and bull mastiff mix belonging to Angela Pick and her family in Oklahoma, officially earned the title of the longest tongue on a living dog, when his mouth muscle's length was confirmed to have exceeded that of Bloomington, Ill., dog Rocky, whose tongue was measured at 5.46 inches in 2023.

"He has always had a tongue that sticks out of his mouth, ever since he was born. He doesn't give kisses -- he gets in your face and kind of loves and rubs noses," Pick told Guinness World Records.

Raccoon drinks and passes out in liquor store



Ashland: A raccoon which broke into a liquor store in Ashland, Virginia, on Black Friday, chugged several bottles of bourbon before passing out.

The "masked bandit" was found flat on its stomach in the bathroom.

Hanover County Animal Protection and Shelter said on social media that an officer responded to a report of an animal break-in at the ABC store in Ashland.

The officer found the Black Friday break-in had been perpetrated by a raccoon that had "ransacked several shelves," sampled multiple different varieties of liquor from broken bottles and then settled down to sleep it off on the floor of the store's bathroom.

"After a few hours of sleep and zero signs of injury, he was safely released back to the wild, hopefully having learned that breaking and entering is not the answer," the Hanover County Animal Protection and Shelter said.

The raccoon was released back into the wild after sobering up at the shelter.

VOICE OF THE READER

Bogadi-Beerihundi-Gaddige Road: A public safety concern

Sir,

I am a regular reader of *Star of Mysore* and sincerely appreciate the way your paper highlights both the positive developments and the pressing civic issues of our beloved Mysuru. This column, in particular, provides citizens like me a meaningful platform to express our thoughts and concerns for the betterment of our city.

I wish to express my deep concern regarding the lack of proper streetlights and the increasing incidents of petty crimes along the Bogadi to Beerihundi stretch.

This road is used daily by commuters, students and travellers, yet the poor lighting conditions make it unsafe at night. There have been repeated complaints of thefts and accidents, especially affecting those returning from work or travelling late in the evening. I urge the Bogadi Town Panchayat, our MLA and our MP to take immediate steps to improve streetlighting and ensure adequate Police patrolling in this area.

Strengthening safety and maintaining basic infrastructure will not only protect citizens but also uphold Mysuru's image as a peaceful and well-managed city.

Once again, I thank *Star of Mysore* for being a strong voice for Mysureans and for consistently bringing attention to both the good and the bad, inspiring civic improvement and greater public awareness.

Tackling human-wildlife conflict

Meetings at guest houses won't save lives: Simha

Mysuru, Dec. 5 (MTY&BCT)- Former MP Prathap Simha has called for immediate and stringent measures to tackle the escalating human-wildlife conflict in Mysuru, Kodagu and Chamarajanagar districts, where encounters involving tigers and elephants have surged sharply in recent years.

He was speaking at an event held yesterday at the Institution of Engineers India (IEI) on JLB Road, where journalist and writer Iythichanda Ramesh Uthappa's two Kannada books — *'Saavina Satya - Arjuna, Ninna Kondaddu Madagajavalla, Paapi Manushya'* and *'Dasara Aanegalu - Bhima Haagu Itararu'* — were released.

The programme, jointly organised by the Mysuru Cultural Association and Kalisu Foundation, also marked the second death anniversary of Dasara elephant Arjuna.

Prathap Simha observed that the Old Mysuru region has seen a dramatic spike in encounters between humans and wild animals, especially elephants and tigers. He stressed that the Forest Department must implement practical, field-level strategies instead of merely convening meetings in guest houses.

Pointing to Arjuna's death, he said negligence cost the elephant's life and urged officials to act decisively to avoid similar tragedies. He also encouraged people to cultivate a reading habit, noting that many valuable books are being published and should be supported.

Former MP Prathap Simha *(third from right)* ***releasing the two Kannada books written by journalist and writer Iythichanda Ramesh Uthappa, along with*** *(from left)* ***Publisher M.M. Nikhilesh, Ramesh Uthappa, Mysore University's former Syndicate member Dr. E.C. Ningarajegowda, Mysore Chamber of Commerce and Industry (MCCI) President K.B. Lingaraju and Mysuru Cultural Association President A.P. Nagesh.***

Speaking about the book, Mysore University's former Syndicate member Dr. E.C. Ningarajegowda said, Ramesh Uthappa's writing is deeply moving and brings out how Forest Department failed to take precautions during clash between elephants, causing Arjuna's death.

He highlighted shortage of veterinarians in Forest Department and urged the government to fill the vacancies on priority. He further suggested establishing an elephant-themed museum to promote tourism and preserve the legacy of iconic Dasara elephants.

Death remains a mystery

Author Ramesh Uthappa criticised the Government for failing to reveal the true cause of Arjuna's death even two years later. He questioned why the retired elephant Arjuna was taken for the operation, why Abhimanyu was not deployed instead and why the team failed to anticipate that a wild tusker, after attacking once, would almost certainly return for a second strike.

Earlier, Mahout Doddamaasti had saved Arjuna through quick thinking, he said. Veterinarian Dr. Mujeeb-Ur-Rehman and Arjuna fan K.R. Satyaprabha were felicitated on the occasion.

Mysuru Cultural Association President and Proprietor of APN Properties A.P. Nagesh, MCCI President K.B. Lingaraju and Publisher M.M. Nikhilesh were present.

While Bengaluru reported the cancellations of 52 arrivals and 50 departures, the Hyderabad Airport recorded 61 arriving and 71 departing flight cancellations as of today morning. Public have urged the Forest Department to constantly monitor the movements of the tiger and prevent it from entering human habitats.

'Swastha Mysuru' to combat lifestyle diseases

Nagaraj, District Surveillance Officer. Picture right shows a section of audience.

Mysuru, Dec.5 (MK&DM)- Health and Family Welfare Minister Dinesh Gundu Rao inaugurated 'Swastha Mysuru', a joint initiative of the H.H. Sri Srikantadatta Narasimharaja Wadiyar Foundation and Arogya World India Trust, at the Wadiyar Centre for Architecture on Krishnaraja Boulevard here this morning.

Speaking on the occasion, the Minister said the initiative focuses on the prevention and control of non-communicable diseases (NCDs) in Mysuru.

"A healthy society can be built only when all organisations join hands and move together," he opined.

Emphasising that corporates, Government bodies, civil society and academia have come together to make the citizens of this heritage city healthier, he noted that there is no rule that the Government alone must shoulder such responsibilities.

Pointing out the success of the 'Swastha Bengaluru' initiative, Dinesh Gundu Rao commended the organisers for extending the programme to Mysuru.

"Society can remain strong only when people are healthy and fit. A healthy population plays a vital role in the nation's growth. Good health inspires people to achieve great things," he added, wishing Swastha Mysuru initiative success.

Dietary habits, controlling NCDs

Stressing the importance of nutritious food and healthy lifestyle practices, the Minister expressed concern over the rising incidence of non-communicable diseases (NCDs) such as diabetes, hypertension and cancer. He attributed the increase to poor daily habits and food practices.

"The Government and society cannot remain silent. It is essential to educate people on healthy habits and better lifestyle choices," he said.

Listing various Government health programmes, the Minister noted that free treatment is available for several diseases and that free medicines are being provided for hypertension and diabetes. He also voiced concern over the rise in mental health disorders among children.

Reiterating the need for public awareness, he said the Health Department is ready to extend full cooperation to such initiatives.

In her address, Foundation President Pramoda Devi Wadiyar said 'Swastha Mysuru' aims to prevent and control NCDs in the city. "The initiative has already been launched in Bengaluru, with various programmes underway. Swastha Mysuru is the Foundation's second major initiative. We have entered into a two-year agreement with the District Health and Family Welfare Department to reduce the burden of NCDs in Mysuru," she said.

Deputy Commissioner G. Lakshmikanth Reddy, Arogya World India Trust's Dr. Nalini Saligram, Yoga Guru Acharya Bharath Shetty, medical practitioners Dr. C.D. Sreenivasa Murthy, Millet Man of India Dr. Khader Valli Dudekula, District Surveillance Officer Dr. D.G. Nagaraj, Dr. Pratibha Periera, Foundation Hon. Mysuru, Dec. 5 (MTY&BS)- The four-day GI Mahotsav 3.0, organised by Madurai Agri Business Incubation Forum (MABIF), was inaugurated at CSIR - Central Food Technological Research Institute (CFTRI) in the city this morning.

The event has been organised in collaboration with Ministry of Micro, Small and Medium Enterprises, Government of India, National Bank for Agriculture and Rural Development (NABARD), Tamil Nadu Agricultural University (TNAU) and CFTRI. It concludes on Dec. 8.

As part of the programme, the exhibition of 48 Geographical Indicator (GI) products has been organised at 54 stalls, set up at CFTRI premises. It will be open from 10 am to 5 pm.

The highlight of expo is seven GI products of Mysuru — Mysore Mallige (Mysore Jasmine flower), Mysore Veelyedele (Betel leaf), Nanjangud Rasabale variety of banana, Mysore Sandal Soap by Karnataka Soaps and Detergent Limited (KS&DL), Mysore Traditional Paintings, Mysore Rosewood Inlay, Mysore Agarbathi and Ganjifa cards of Mysore.

Notable among other GI products are: Coorg Orange, Channapatna dolls, Byadgi Chilli from Byadgi in Haveri district, Monsooned Malabar Arabica Coffee of Coffee Board, Indi Lime, Gulbarga Tur Dal, Karnataka Handicraft Department, Kolhapuri Chappal from LIDKAR, Hase Chittara, Udupi Sarees, Dharwad Pedha, Marthandam Honey, Thanjavur Netti Work, Kovilpatti Kadalai Mittai, Nilgiri tea, Palakkadan Mata Rice to name a few, spanning the States of Kerala and Tamil Nadu.

CFTRI Director Dr. Giridhar Parvatam said, the previous two GI Mahotsav was held in Madurai and Kanyakumari respectively and third is being held in Mysuru. Buoyed by the good response, the event is organised here to market the products further and make the artisans and farmers involved in the production of these distinct products more self-reliable, so that the derive inspiration from them.

"India's GI Products command a good demand in USA, UK and other countries. Rural products and farm products get more priority, with an aim to generate local employment opportunities. The farmers and craftsmen should make use of the facilities available to tap the GI tag," he added.

Speaking at the press meet later, Dr. Parvatam said, the event is not just restricted to CFTRI food products, but also for the agriculture, handicrafts, leather and other diversified products.

Earlier, a Memorandum of Understanding (MoU) was signed between CFTRI and MABIF.

Safari shutdown: Year-end tourism activities take a hit

Tourism bodies push for strict SOP and swift reopening of Nagarahole-Bandipur safaris

Mysuru, Dec. 5 (PM&BCT)-Hotel Owners' Association, Mysuru Travels Association, the Mysuru chapter of Skal International, and workers dependent on the Nagarahole and Bandipur safari economy have urged the State Government to immediately restart safari operations in Kabini (Nagarahole) and Bandipur, stressing that safaris are a major pillar of Mysuru's tourism industry.

Addressing a press conference at Sandesh The Prince Hotel last evening, the associations said the Government must frame a strict Standard Operating Procedure (SOP) and allow safaris to resume without further delay.

Mysuru Travels Association President B.S. Prashanth said that despite being central to Mysuru's tourism economy, safaris have remained suspended for weeks. A formal appeal has already been submitted to the Forest Minister and brought to the notice of the Chief Minister and the District Minister, he said.

Peak year-end tourism hit

With the peak year-end tourist season underway and foreign tourists arriving in large numbers, the suspension has disrupted travel itineraries, leading international travel agencies to express dissatisfaction with Mysuru's tourism preparedness, he noted.

Prashanth said the ban has dealt a serious blow to Karnataka's tourism sector, arguing that human–wildlife conflict exists across the world and its intensity here is comparatively low. The issue, he said, could have been resolved within a week, but a lack of serious deliberation has prolonged it.

Instead of cancelling safaris, he urged the Government to issue a stringent SOP — fixing a cap on vehicles, limiting the number of guests each resort can send and regulating the number of safari trips based on resort capacity.

Question of illegal resorts

Responding to media questions, he said they had no information about illegal resorts. "If any resort is illegal, can departments remain silent until the building is completed? Speculation is not correct. If there is illegality, let the government act. Our only concern is that tourism should not suffer," Prashanth said and clarified that neither he nor office-bearers own resorts.

Mysuru Travels Association President B.S. Prashanth, Mysuru Hotel Owners' Association President C. Narayanagowda, Skal International Mysuru President C.A. Jayakumar and others submitting a memorandum to Additional Deputy Commissioner (ADC) Dr. P. Shivaraju yesterday.

Mysuru Hotel Owners' Association President C. Narayanagowda said that only 50 to 75 km of the vast forest region is used for safari routes and nearly 90 percent of employees in resorts were the children of farmers.

MLAs must intervene

He urged H.D. Kote and Gundlupet MLAs to intervene and questioned why safaris were cancelled without stakeholder discussions. Since the CM represents Mysuru region, he should see that the ban is lifted, he opined.

Narayanagowda added that tourist arrivals in Mysuru have dropped sharply. Of the 10,500 available rooms, only about 2,500 are being booked daily — a decline directly linked to the safari suspension, as visitors typically tour the Palace, Zoo and Chamundi Hill before heading to Bandipur and Nagarahole.

Mastermind on the run

(Continued from page 1)

The dacoity: On Nov. 20, Vinu, a goldsmith from Calicut, was travelling in a Maruti Brezza (KL-58-V-1595) with a friend from Kadakola, Nanjangud, returning to Kerala after purchasing the gold bar from a Mandya-based goldsmith who delivered it at Kadakola.

At around 7.30 pm near the Maddur Forest Check-post on the Bandipur–Moolehole stretch, three cars began trailing their vehicle. Near Moolehole, one car drove ahead while two others blocked their Brezza from behind, forcing it to stop.

The armed dacoits overpowered the duo. One assailant dragged Vinu's friend from the driver's seat and pushed him into the back, taking the wheel himself. The gang then drove the vehicle deep into the forest towards the Virajpet road, snatched the bag containing the gold bar and fled in their vehicles, leaving the victims stranded.

Vinu and his friend later drove back to the Maddur Forest Check-post and complained to the Gundlupet Town Police Station.

Investigation

Gundlupet Police analysed CCTV footage along the Bandipur route and pieced together details of the gold purchase. Acting on these leads, the Kerala team detained three suspects. Investigators are facing language constraints as the suspects speak only Malayalam.

Apart from mastermind, two more accused are on the run. All are expected to be arrested soon.

Litigant collapses; Judge turns lifesaver

(Continued from page 1)

Without waiting for an ambulance, Judge Harish Singh put aside his Court duties and, with the assistance of Court staff, Police personnel and lawyers, carefully helped the man into his own car.

The Judge then drove him straight to Apollo BGS Hospitals in Kuvempunagar to ensure he received immediate medical care. The Judge's prompt, humane response earned praise from lawyers, Court staff and members of the public who witnessed the episode.

A solution for...
DEPRESSION
...from the inside out

Q: I see it happening all around us that as we grow older, depression becomes a natural emotion within all of us and takes a toll on human beings. How do we adjust to this situation which is inevitable and happening all the time?

Sadhguru: Once you declare that depression is a natural process, there is no way out. When you were a child, being joyful was natural to you, not being depressed. So do not declare that depression is natural.

Depression means you are unable to maintain the exuberance of life in you. It happens even in your body. If you are depressed, even the physical body flops. Life within you is not exuberant — it has just gone down and lost its exuberance because you are not doing the right thing with it. You are imposing too much outside nonsense upon the inside. You have not done anything to keep your life energies high.

The source of depression

Depression is a kind of agony. If you have become agony and not ecstasy, it is because a large part of your life energy is happening compulsively, not consciously. It is happening as a reaction to external situations. Once you are happening compulsively, becoming depressed is very normal, because external situations are never hundred percent in your control. There are so many things happening in the world; if you compulsively react, getting lost and becoming miserable is natural. The more exposed you are to life, the more miserable you will become.

When people are unable to handle life outside, they try to curtail their life and withdraw. But even that goes out of control, doesn't it?

There is one part of you which is constantly seeking expansion — you want to constantly increase the boundaries and areas of your activity. There is another part of you which is getting depressed every time something does not go the way you think it should go. Getting depressed is subject to the non-fulfillment of your expectations.

If the stock market gets depressed today, so many people will get depressed. Many of them may never have even touched that money, but every day they were watching the graphs rising and their mood was in ascendancy. Now they see the graph falling, so their mood is falling. It is just that what they expected to happen, did not happen.

Fixing the inside

People can cause depression in their mood in so many ways. If you take away what they think is precious, they become depressed. The tragedy with a lot of people, especially in affluent societies, is that they have everything and yet they have nothing. Depression means somewhere, a certain hopelessness has set in. If you go to some very poor village in India, they are really impoverished, but you will see joyful faces because they have hope — it is going to be better tomorrow. In affluent societies that hope is gone.

Depression has set in because everything that can be used externally has been fixed. There is food, there is housing, there is clothing, there is everything, but still there is something wrong. They just do not know what.

A poor man may think, "Tomorrow, if I get a new pair of footwear, everything will be fine." If he gets a new pair of footwear, he will walk like a king with great joy on his face because he has hope; the outside is not yet fixed. In affluent societies, the outside is fixed, but the inside is not fixed, so there is hopelessness and depression.

As we work on the outside, we must also fix the inside. Then the world would be beautiful. What we call as a spiritual process is just this — not just fixing the objective aspect of your life but taking care of the subjectivity of who you are. If that is not taken care of, you will have everything and you will have nothing.

Illegal hotels, resorts along Cauvery in Srirangapatna

Upa Lokayukta cracks down; orders eviction

Bengaluru, Dec. 5 (DM)- Karnataka Upa Lokayukta Justice (Retd.) B. Veerappa has directed officials from the Mandya District Revenue Department, Cauvery Neeravari Nigam Limited (CNNL) and the Tourism Department to evict illegal hotels, resorts and other structures that have come up along the banks of the Cauvery River flowing through Srirangapatna taluk.

B. Veerappa

Justice Veerappa, who visited Srirangapatna on May 27, inspected the riverbanks and observed rapid encroachment on both sides of the river.

He subsequently instructed the Srirangapatna Tahsildar and CNNL officials to remove the encroachments and submit a report.

Following this, a team led by Srirangapatna Tahsildar Chetana Yadav and CNNL Engineer V. Jayanth evicted a private resort and a commercial building along the Bangaradoddi Canal on Oct. 8.

Government lands leased

The team also noted that several parts of 'Kharab' (Government) lands along the Cauvery River had been leased to private parties by certain departments, while the Urban Development Department had alienated some parcels of land to private individuals.

The Srirangapatna Town Panchayat had subsequently issued licences for construction on these lands. Based on these findings, the Tahsildar submitted a detailed report to the Upa Lokayukta.

In light of the report, Justice Veerappa ordered CNNL officials, the Assistant Director of Land Records, Srirangapatna, the Tahsildar, Town Panchayat CEO, and Deputy Director of Tourism to clear all encroachments along the Cauvery riverbank.

Bangaradoddi Canal

According to the Tahsildar's report, hotels, resorts and other structures along Bangaradoddi Canal Road, in front of Chandravana Ashram and falling under Survey Number 174, were built illegally within the 30-metre buffer zone from the high-flood level of the Cauvery River and without any license.

Citing this, the Upa Lokayukta directed officials to demarcate the buffer zone clearly, remove all encroachments and mark the high-flood boundary of the river.

Puthari Namme: Harvest festival celebrated in Mysuru, Kodagu

Madikeri/Mysuru, Dec. 5 (PS& BCT)- 'Puthari Namme,' the harvest festival of Kodagu that marks the season's first paddy harvest, was celebrated with grandeur across Kodagu and Mysuru last night.

The celebrations began with a puja to Lord Igguthappa and Goddess Cauvery, followed by the symbolic harvesting of the new paddy crop (kadiru) and the customary firing of gun shots into the air to herald prosperity.

Major festivities began at Sri Omkareshwara Temple in Madikeri, the Kodava Samaja, Gowda Samaja and several other venues, where people offered prayers and performed time-honoured rituals.

Families chanted "Poli Poli Deva..." as they symbolically welcomed the Dhanya Lakshmi — goddess of grain — into their homes. Kodava men wore the distinctive 'kupya-chele', 'peechekathi' and 'mande-tuni',

while women adorned traditional sarees and 'vasthra.'

Members of the Kodava Samaja, accompanied by 'taliyatakki bolcha' and traditional 'valaga', marched in a grand procession to the temple. The freshly harvested paddy was then taken to the Samaja, worshipped and later distributed to devotees. Special 'thambittu' made from fried *kusubalakki* mixed with ripe banana was distributed to all.

At Gowda Samaja

The Kodagu Gowda Samaja celebrated 'Puthari' with equal fervour. A symbolic paddy field was created on the premises where the ritual harvest was performed, followed by the distribution of the festive delicacy.

At the historic Sri Mrutyunjaya Temple in Badagarakeri, villagers celebrated 'Puthari' on a grand scale collectively. Led by village elders and the temple management committee, the ritual cutting of paddy was followed by a vibrant procession. Villagers walked 2 kms to the traditional fields, burst crackers, danced to the valaga and returned to the temple with the harvested crop.
